Work Progressing On Bent Creek Bridges Over James

Work is progressing on a project to build two two-lane bridges at Bent Creek, one over the James River and the other over the C&O Railroad tracks, and to straighten out the approaches on both sides of the bridges.

The E. F. Blankenship Co. of Salem is contractor for the job which will cost approximately $620,000, according to Harry L. Carden, project superintendent for the firm.

Francis E. Tyler, who moved to Appomattox in 1963 after having Eldon, the home of the late Hal D. Flood, is inspector on this project for the state highway department.

The bridge over the river will be 647 feet long, with a 28-foot wide roadbed, and will be approximately 33 feet above normal water level.

The bridge over the railroad tracks will be 608 feet long with a 28-foot roadbed, and will have 45 feet 8 inches clearance over the tracks.

Both will be steel girder type bridges. Each bridge will have two abutments and five piers.

Hogs And Seed Prices Noted

HOGS

Not much change is expected in hog prices for the next two or three weeks.

Based on the number of sows farrowed last August and September the supply of hogs should decrease.

Compared to the same months of a year earlier, December slaughter was up 11 per cent, January slaughter was up 8 per cent and February slaughter was up 3 per cent.

Slaughter this month should be well under that of March, 1963 based on the number of pigs farrowed six months earlier.

Prices last week in the Richmond market closed mostly at $15.50-$16.00. Top hogs in Virginia auctions ranged $15.00 - $16.00.

Chicago market prices last week closed at $15.00 - $15.75. Baltimore prices ranged from $15.50 - $16.00.

SEED

Even with many tight farm budgets, made tighter by last summer's severe drought, farmers are urged not to stint on seed.

It pays in the long run to get good quality seed. Seed quality should be one of the last things sacrificed in an attempt to save money.

Follow good seeding practices and plant only seed that has been tested. By with care —the crops you produce will be no better than the seed you use.

Looking at demand, supply, and price somparisons for seed:

ALFALFA (improved varieties) Demand should be strong with supply short except for Kansas Common. Retail prices last week were lower than prices last year.

CLOVER (Virginia adapted varieties) — Demand should be strong with supply of most varieties about normal. Retail prices last week were about the same as last year to a little less.

LESPEDEZA — Supply of Korean and Kobe is short with demand steady to strong. Retail prices last week were up from prices last year.

GRASSES — Timothy, Orchard Grass, Ky. Bluegrass, and Red Top supply is short and demand steady to strong — retail prices last week were up from the same time last year. Supply of Ky. 31 Fescue is normal with demand steady to weak—retail prices last week were lower than last year.

Newly Planted Pines Burn In County Fire

Between five and eight acres of cut over timberland and newly planted pine seedlings burned in a fire that started about 3 p.m. Tuesday at John Paulette's property, Route 694 about five miles east of Appomattox.

High winds hampered Appomattox volunteers, KVG boys from Carver-Price school, four local wardens and Chief Forest Warden David M. Smith.

"It was a wicked fire," said Smith, stating that even though wet, the previous night winds had been quickly dried out the woods, and the blaze spread rapidly.

John Paulette said he lost several hundred dollars worth of newly planted pine seedlings.

Warden Smith cautions all citizens to obey the 4 p.m. burning law (which Paulette had done) and all forest fire laws. "Be sure that all fires are out — dead out, before you leave them."

A bad fire season has been predicted, Smith said. He urges everyone cooperation.

Report Escaped Fires Promptly

The next few weeks will see the approach of dangerous burning condition in Southside's Forestlands. The Virginia Division of Forestry reminding the public that the spring warm weather is fast approaching, urges the public to take extreme care in preventing fires from escaping during this period. Any escaped fire should be reported promptly to the County Chief Forest Warden, or the Community local forest warden.

For the convenience of the public forest wardens are listed below: Chief Forest Warden, David Smith, 352-5355, Patrol-D. B. Garrett, 352-5850 Lookout Watchman, L. C. Six Lettermen On Baseball Team This Year

Appomattox High School has a winning baseball tradition to uphold this year, and coach Gordon Bragg believes the Rebels can do it.

In Bragg's 15 years at the school, his baseballers have compiled a 158-44 won-lost record including a fine 12-2 mark last season.

Appomattox returns six lettermen plus 12 new prospects for the baseball team.

The lettermen are Richard Smith and Charles Martin, outfielders; Doug Mitchell, first base; Mike Mitchell, shortstop; Richard Williams, third base.

Mesginson is a junior. The other five lettermen are seniors. are:

New prospects by position are:

INFIELDERS— Charles Jamerson, junior second baseman; Harry Davis, sophomore first baseman; ommy Lawson, freshman shortstop; Carroll Goodrich, sophomore catcher; Marshall Cheatham, senior catcher.

OUTFIELDERS—Neil Connor, a junior; Monk Rodgers, also a junior; James Toto, a sophomore.

PITCHERS—James Blankevill a sophomore; A. E. Marsh, a sophomore; Larry Guill, a freshman.

Bragg looks for Rustburg and Nelson County to be tough in District IV this season, last especially all the teams to be about evenly matched.

Appomattox will play 14 games this year, starting with Altavista away March 31. All of the Rebel games are in the district.

Youth Training School Opens

CRISWE, March 14 — The first multi - occupational, regional training school for out - of-school, unemployed youths in Virginia began here Monday morning with the initial phase of a pilot program.

Southside Vocational School is one of very few such programs which has been attempted in the country under terms of the Federal Manpower Development and Training Act.

Another is being planned for Southwest Virginia. There the classrooms created by the coal focus will be on the economic mine work problems.

Variety of Trades

In the eight-county Southside training program which includes Appomattox, the emphasis will be on preparing undertrained youths for the labor market on the level of skilled apprentices in a variety of trades. After graduation, trainees will be assisted by the VEC in locating jobs throughout the state.

Its $1,500,000 budget, to run to June 30, 1965, is largest federal allocation of funds for any MDTA Vocational training class to date. Before the Southside project is completed, an estimated 660 white and Negro youths, aged 17 through 21, are expected to receive training. About 4,000 persons in the counties of Amelia, Buckingham, Cumberland, Charlotte, Lunenburg, Prince Edward, Nottoway, and Appomattox are eligible for training, according to VEC surveys.

Sixy - eight trainees were scheduled to be transported to the Crewe center at 7:30 a.m. Monday to begin training in four subjects. The initial subjects offered are automobile mechanics, building maintenance, welding and masonary.

Carnival Set By Firemen At Concord

Vera 4-H

The regular monthly meeting of the Vera 4-H Club was held March 11, 1964. The meeting was called to order by the president, Donald Kanipe. The Bible was read by David Drinkard and Mrs. Gunter leading in prayer.

Mr. Moody reminded us of Demonstration Day and also of the 4-H camp.

Afterwards Mr. Pittenbowerwas introduced by Teresa Bagland. He showed us some slides on how to store garbage and how to get rid of it. And how to have a safe water supply, and also reminded us that seat belts are no good if we don use them.
